

## *SHIPPING POLICY*

Standard shipping is 4 to 8 days.

We Ship USPS Priority and thus all shipments are fully trackable. There is no shipping charge for packages requiring insurance up to \$50 per shipment.

Please note that delivery time is subject to the ability of our courier, USPS, to fulfill their delivery schedule. Sky Locators is not liable for packages that are not delivered on time because of mishaps or unavoidable delays by our couriers.

Shipping & customs fees for international customers:

When ordering, the recipient agrees to become the importer on record and is obligated to comply with all US and foreign laws and regulations required for the country of import.

All orders shipped internationally can be subject to import taxes, custom duties, and fees levied by the destination country. As the importer of any goods, the importer is required to pay any duties, taxes, fees, or expenses of the import. Additional charges for customs clearance are the responsibility of the importer and Sky Locators is not liable for or assuming any responsibility to these fees. Note these fees may not be included in any final total as these fees are accessed by the third-party and are not known to Sky Locators.

Customs policies vary widely from country to country; you should contact your local customs office for more information. When customs clearance procedures are required, it can cause delays beyond our original delivery estimates.

Note: Some countries require identification or declaration from the importer. The importer is responsible for providing all necessary documentation to the appropriate authorities.
